

Dear students,

this semester you are going to start the Master Programme Spatial Planning at the Technical University of Dortmund.

The binding registration for the seminars will take place from the 25.09.2024, 2 p.m. until 28.09.2024, 4 p.m. and will be held online via „LimeSurvey“. Every student will receive an Email in advance, containing the Web-Link // If you are not yet completely enrolled or have not yet activated your Uni Mail Account, please check www.raumplanung.tu-dortmund.de for the correct link to participate in the registration.

We summarized some important details regarding the process of the procedure as well as helpful instructions that should guide you through.

Important note: Please switch the language to English before filling out the survey, so that only courses and seminars taught in English are displayed within the survey.

Step 1

Please note that you can only insert numbers for current semester and no. of seminars (e.g. 2, not two). The no. of semesters only refers to the **Master Programme**, so if you just started you have to insert 1 for 1st semester.

During the Master Programme you have to do 3 seminars in module 3 and 1 research colloquium in module 1

*** if you are starting the programme in this semester, you have to choose the study structure of 2023**

The indication of the **specialisation** is just a selection criterion to help registering you for a seminar in the indicated field. You are not choosing a specialisation for the whole Master Programme.

Step 2

Module 1.2 research colloquium	Module 3 - specialisation	Module 2
