

OVERVIEW OF THE REGISTRATION PROCESS MPO 2023

Dear students,

*this semester you are going to
start the Master Programme at
the Department of Spatial
Planning at the TU Dortmund
University.*

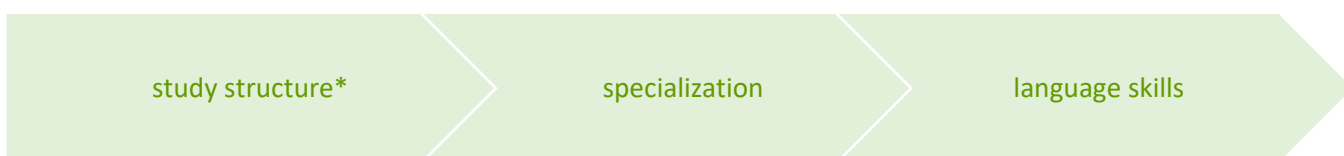

*We summarized some important
details regarding the process of
the procedure as well as helpful
instructions that should guide you
through.*

Step 1:

Please note that you can only insert **numbers** for current semester and number of seminars (e.g. 2, not two). The number of semesters only refers to the Master Programme, so if you just started you have to insert 1 for 1st semester.

During the Master Programme you have to do 3 seminars in module 3 and 1 research colloquium in module 1.

** if you are starting the programme in this semester,
you have to choose the study structure of 2023*

Specifying your area of specialization serves as a selection criterion so that, whenever possible, we can assign you at least one seminar in your chosen area of specialization. By making this selection, you are not committing to a specific area of specialization for the entire duration of your studies.

Step 2

Module 1.2 Research colloquium	Module 3 Specialization	Module 2
Choice of priorities: 1st Priority: desired colloquium 2nd Priority: alternative I 3rd Priority: alternative II	- Choice of 3 courses* - For every course you can choose 3 seminars (with priority 1-3) - It is not possible to insert the seminars twice	- Binding inquiry for participation of a project or an urban design - Allocation will be later in April (you will be informed by mail)

** you can choose 2 seminars per course*

Example for choosing seminars in module 3:

Course 1	Course 2	Course 3
1 st Priority: Desired seminar 1 2 nd Priority: Alternative 1.1 3 rd Priority: Alternative 1.2	1 st Priority: Desired seminar 2 2 nd Priority: Alternative 2.1 3 rd Priority: Alternative 2.2	1 st Priority: Desired seminar 3 2 nd Priority: Alternative 3.1 3 rd Priority: Alternative 3.2

Please be aware that we can't consider time overlaps when assigning the seminars.

We recommend not to do all necessary seminars in one semester!

Example 1

1 st Semester
• 1 graded seminar module 3 • 1 graded seminar module 3 + project or urban design

Example 2

1 st Semester
• Graded double seminar module 3 + project or urban design

2 nd Semester
• 1 graded double seminar module 3 • Research colloquium module 1 • Master thesis

2 nd Semester
• 2 graded seminars module 3 • Research colloquium module 1 • Master thesis

If you have any further questions please do not hesitate to ask!
